Please turn over – important information on back

NOTE: 72 hour minimum notice, during normal business hours, is required for inspection before connection will be made.

We do not offer 120/240 3-Phase in an underground installation. All 3-Phase power is billed on the Small General Service or Large General Service Rate.

No obstructions to the electric meter installation will be permitted. Some examples are, but not limited to, the following:

- 1. Enclosing the meter in exterior walls;**
- 2. Enclosing meter within fence without an outside unlocked gate;**
- 3. Unrestrained dogs in the meter area;**
- 4. Deck or porch built around meter restricting reading and servicing**

NOTE: EFFECTIVE MARCH 1, 2009 ELECTRICAL PERMITS (SIGNED BY THE STATE ELECTRICAL INSPECTOR IN OUR AREA) WILL BE REQUIRED FOR ALL NEW INSTALLATIONS AND ALTERATIONS. ALL ELECTRIC UTILITY PROVIDERS ARE EXPECTED TO FOLLOW SECTION 103.28(1) OF THE IOWA CODE WHICH STATES “No electrical installation subject to inspection under this chapter shall be newly connected or reconnected for use until the electrical inspector has filed with the electrical utility supplying power a certificate stating that the electrical inspector has approved such energization”.

PLEASE SEE THE ATTACHED SHEET FOR DETAILS.
