## READY TO SAVE MONEY AND REDUCE ENERGY CONSUMPTION? HERE'S HOW:

First refer to this brochure, or contact Maquoketa Municipal Electric Utility (MMEU), to learn about program details and to learn what rebates are available.

Then select equipment based on the energy rating and terms and conditions shown in this brochure. **Only approved equipment is eligible for energy efficiency rebates.** After purchasing and installing qualifying equipment, please follow these simple instructions:

1. Equipment must be installed in a home where electric service is provided by MMEU.
2. **After equipment is installed and operating,** complete this equipment application, including signature(s).
3. Attach a sales receipt from your dealer, including manufacturer's name, model/serial number of equipment purchased and installed.

**Please allow 6-8 weeks for payment.** Payment processing may take longer if information is missing on the application.

Thank you for participating in the Air Conditioning and Heat Pump Incentive Program.

## PROGRAM TERMS & CONDITIONS

This rebate program is being offered by Maquoketa Municipal Electric Utility which will be referred to as "the utility" throughout this document.

Limit one appliance type per dwelling unit per year. Applicant must be a current customer of the utility, and the utility must provide the primary fuel for which the rebate is being offered.

The utility does not guarantee that the installation and operation of energy efficiency equipment will result in reduced usage or demand or in cost savings. The utility makes no warranties, expressed or implied, with respect to any equipment purchased and/or installed, including, but not limited to, any warranty of merchantability or fitness for a particular purpose. In no event shall the utility be liable for any incidental or consequential damages or injuries resulting from defective equipment or installation.

The rebates are offered on a first-come, first-served basis. The utility reserves the right to cancel or change these programs at any time. The utility's acceptance of this application does not guarantee payment of the incentive. Prior to any payment of rebates, the utility reserves the right to verify sales transactions.

The utility will not be responsible for any tax liability that may be imposed on the customer as a result of the payment of rebates.

The utility does not endorse any particular manufacturer, product, system design, claim or retailer in promoting this program.

Limit one type of equipment per dwelling unit. All equipment must meet the minimum efficiency requirements shown
